

## Competition

Innovative luxury beauty brand, OnePure Halal Beauty is proving to be an immediate success on the cosmetics scene with its pioneering products that promise fast and effective results, while remaining dedicated to its halal-certification.

“I developed OnePure Halal Beauty because I believe that it is unnecessary to have haram ingredients in skincare. I wanted to care for my skin and wanted to observe my religious responsibilities”

-Layla Mandi, CEO & Founder

Building on its strengths, OnePure Halal Beauty is now introducing a new product range that carries the same qualities of its debut skin care range and adds even more positive elements such as firming of the face, instant results and an immediate difference almost from first use. This organic mix of halal-certified ingredients is created to maximize the skin's natural beauty, a nurturing of your skin without compromising your Islamic principles.

The first product to launch is the OnePure Halal Beauty Travel Collection. Within a sleek elegant white box are four products that compose the essential every day skin care regime: The Crystal Clear Cleanser; The Perfect Toner; Super-Charged Moisture Gel and Eye Dream Cream.

OnePure Halal Beauty is pleased to give away a Travel Collection each to TWO of our SISTERS readers. If you would like to receive this fantastic skin care range just answer the following question and email it to [info@sisters-magazine.com](mailto:info@sisters-magazine.com) by March 15th 2010.
